International Journal of Performability Engineering, Vol. 12, No. 6, November 2016**

Author(s)	Title of the Paper	Pages
Vallayil N. A. Naikan	Editorial	501-502
Rajeev Ranjan and Ajay Mishra	Evaluation and Optimization of Overall Equipment Effectiveness on a Pasting Machine in a Battery Manufacturing Industry	503-512
Sendilvelan.S and Bhaskar.K	Experimental Investigation on Catalytic Properties of Copper Oxide in Internal Combustion Petrol Engine during Cold Start Emission	513-522
S. Nallusamy	Productivity Enhancement in a Small Scale Manufacturing Unit through Proposed Line Balancing and Cellular Layout	523-534
S. M. Sapuan, W. H. Haniffah, Faris M. Al-Oqla, Y. Nukman, M. Enamul Hoque, and M. L. Sanyang	Effects of Reinforcing Elements on the Performance of Laser Transmission Welding Process in Polymer Composites: A Systematic Review	535-550
Souad Nabdi, Brahim Herrou	Approach to Assessment of Maintainability in Design	551-560
Pardeep Kumar, P.C. Tewari, and Dinesh Khanduja	Maintenance Priorities for a Repairable System of a Thermal Power Plant Subject to Availability Constraint	561-572
Krishna Kumar Dadsena, Vallayil N. A. Naikan, and S. P. Sarmah	A Methodology for Risk Assessment and Formulation of Mitigation Strategies for Trucking Industry	573-588
Fuqing Yuan	Using a Moment Method to Estimate Parameters of Weibull Distribution under Right Censored Situation	589-595
<b>Short Communications</b>		
Xiaoyang Ma and Wenbin Wang	A Cost-Based Maintenance Model based on a Non-Homogeneous Poisson Process	597-602
K. B. Misra	Book Review	596
