

**Table of Contents of  
International Journal of Performability Engineering, Vol. 21, No. 06, June 2025**

<b>Author(s)</b>	<b>Title of the Paper</b>	<b>Pages</b>
Sonu Mittal and Tanya Gupta	Comparative Analysis of Efficient Text Classification Models using Pre-Trained Transformers	299-307
Ramya Rajamanickam, Renu Mishra, and Saumya Chaturvedi	A Hybrid Cryptographic Framework for Privacy-Preserving and Securing Blockchain Transactions	308-315
Sharma Ji and Abhishek Kumar Mishra	An Efficient Security Framework for 5G DDoS Attack using Machine Learning and Deep Learning	316-325
Sushant Kumar Singh	Emotion-Aware Music Recommendation System using Facial Expression Analysis	326-331
Lakshay Pawar	Design and Development of an AI-Powered Cold Mail Generator	332-338
Kumar Vaibhav Bhatnagar and Rashmi Kushwah	Energy-Aware Adaptive Mechanism for LoRaWAN-Based Multi-Hop Networks	339-350
